Quiet Strength.

SOFTLAWN

DIAMOND FESCUE

BENEFITS

SoftLawn Diamond Fescue is one of our mid-range options with a tan thatch. It has a 1 3/4 inch pile height and is made from a polyethylene yarn. It is typically used for landscape applications and is available in Field/Eastern and Eastern colors.

It is the policy of Synthetic Turf International to continuously improve their line of products. Therefore, Synthetic Turf International reserves the right to change, modify or discontinue systems, specifications and accessories of all products at any time without notice or obligation to purchaser. These are standard specifications subject to manufacturing tolerances and consumer requests.
