PAR 3 PLUS

BENEFITS

Par 3 Plus is a great product for anyone serious about improving their golf game. It allows players to work on one of the most critical elements of the game: the approach shot inside 100 yards. Great for a target green, Par 3 Plus provides realistic shot reception.

It is the policy of Synthetic Turf International to continuously improve their line of products. Therefore, Synthetic Turf International reserves the right to change, modify or discontinue systems, specifications and accessories of all products at any time without notice or obligation to purchaser. These are standard specifications subject to manufacturing tolerances and consumer requests.
