ADVANTAGES

- Requires no water
- Virtually maintenance-free
- Fresh cut appearance
- Needs no chemicals or fertilizer
- Never needs mowing or insecticides
- Clean and can be cleaned - Unlike mulch and shredded rubber
- ADA/ABA compliant - Crutches won't sink in and wheelchairs roll
- Safety - No more buried glass or other harmful objects
- Lead Free
- Provides excellent drainage
- Recyclable components
- Does not support stain or odor causing bacteria, mold or mildew

SOFTLAWN

PET PREMIUM

BENEFITS

SoftLawn® Pet Premium is an excellent product for commercial pet facilities and residential pet areas utilizing our Ultra XQ yarn. The tight construction provides a durable surface that will stand up to the toughest traffic, and the short pile height makes it easy to clean. It has a texturized thatch layer for added body, reducing the amount of infill needed. The two color blend gives the Pet Premium an authentic look and feel that resembles a tightly mown natural lawn. SoftLawn® Pet Premium also makes for a great putting green fringe. The Silverback Polyurethane backing provides excellent drainage, unmatched dimensional stability and the best tuft binds in the industry.

It is the policy of Synthetic Turf International to continuously improve their line of products. Therefore, Synthetic Turf International reserves the right to change, modify or discontinue systems, specifications and accessories of all products at any time without notice or obligation to purchaser. These are standard specifications subject to manufacturing tolerances and consumer requests.
